

65 Years of DX-cellence

March 2013

BULLetin

The Southern California DX Club Newsletter est. 1947

*"If you need him get
in there and work
him"*

The Southern California DX Club is a group of dedicated men and women active in the amateur radio community who enjoy communicating over the air with other radio amateurs around the world.

The SCDXC strongly supports the DX Code of Conduct. Please visit their website:

www.dx-code.org

The newsletter is published every month and is released to its members about the first of each month. Amateur and DX related letters, news and pictures are welcome and will be published as time and space permit.

Articles may be republished with the recognition of the author and the club. Reuse of copyrighted materials require the original author's permission.

Any questions regarding this newsletter or its articles should be addressed to the editor, Bill:

n6rv@scdxc.org

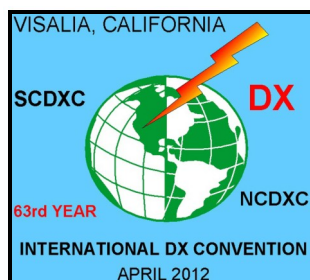

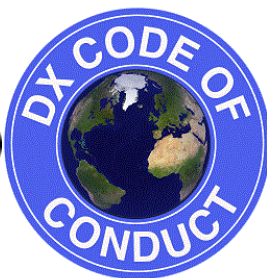

Meetings are held on the second Thursday of the month at 7:30 PM except April, June and December.

Please check the club web site for events and details at:

<http://www.scdxc.org>

If you are in the area please say hello on our repeater:

W6AM/R145.48,(-) 100Hz PL

THE PREZ SEZ

Ernie Nairne, N6HY,
President – SCDXC
n6hy@scdxc.org

Hello DXers!

Well the DX Convention is only 53 days away as of this writing. I hope everyone is ready to go. It is time to meet old friends have a great time.

The sunspot number is 56. It is a long way from the last cycle. Still good DX is there. We just have to fight for it. I tuned the 160 meter antenna to 80 meters and worked 6W/HA0BAR. It works in a pinch/

How about that our own Bill, N6RV, giving the program on Clublog? That was lots of information. Thanks Bill! Now it is time for us to get involved and register. How about a favorite presentation you would like to see? There are many among us who have interesting stories to tell!

See you at the March meeting!

73, and Good DXing!
Ernie Nairne, N6HY
President SCDXC

VICE PRESIDENT'S CORNER

**Wayne Spring, W6IRD,
Vice President – SCDXC**
W6IRD@scdxc.org

Hello My Fellow DXers!

The February meeting was especially enjoyable due to the program, prizes, and celebration for Valentine's Day. Each YL in attendance received two long-stem carnations and boxes of Valentine candy. A special raffle gave three ladies a \$75 gift certificate to Outback Steak House to celebrate with their favorite OM.

The program was Bill Kendrick, N6RV, presenting a slide show on Club Log. This web applicatin allows you to input all your contacts/accomplishments and also compare yourself with other members. I, for one, found it extremely informative and have installed it on my computer.

The club raffle was once again a success. Many members went away with some great prizes thanks to John, N6QQ (assistant shopping elf,) HRO, and the DX Store.

The March meeting speaker will be Dennis Kidder, W6DQ. He gives a marvelous presentation on his experience working on the new Hong Kong Airport as the Information Technology Specialist. His anecdotes are funny and informative. Those who have heard his presentation give him rave reviews. You won't want to miss it.

Don't forget that Visalia is quickly approaching. If you plan on going, get your reservations in for the convention and hotel. Hope to see you there.

See you at the meeting!!!

73, and Good DXing!
Wayne, Spring, W6IRD
Vice President SCDXC

Editors Editorial
Bill Kendrick, N6RV,
Editor – SCDXC BULLetin
n6rv@scdxc.org

Hello Everybody!

This month is the first time in over two years that I will be sitting in the audience. It has been a long run, I was happy to do it and now I am glad it is over. Speaking of this we still need sterling individuals to step up and participate in the operation of the club. I have to say that there are many working behind the scenes who have given of their time and effort for many years! Over the past two years I began to see how tightly knit this group is. From Rich, W6VX, obtaining the park permits and hawking the picnic raffle tickets, to Jim, WB6OFE and company staying after the meeting helping put the room back together to all the board members pitching in at all the events to Mel, K6SY, who has provided us with a flawless membership program, a place to meet, and with Carl, WU6D, another year as convention co-chairs. Talking about Carl did you notice the maps and posters he had backed and mounted? The work does not go unnoticed. It is many hands helping that makes the work light. So I will thank everyone in advance for the 2013 newsletter articles you will forward of your own free will. We need to show the community that we are a club of many unique individuals with varying interests in our niche.

Did everyone operate the ARRL CW contest? The conditions were great from 160 meters to 10 meters. Looking at the results the contacts from 40 -10 are about the same with maybe a few percent more on 20 and the lower bands were well represented. I picked up 3 new band / modes on 40 meters! The next big opportunity is this weekend in the ARRL SSB DX Contest. See all of you there!

See you at the meeting!

73,
Bill, N6RV

RUMORS ON THE BAND

A plethora of announcements, rumors, and serious DX fun

March is the ARRL DX SSB contest and the CQ WPX SSB Contest. It should be a very interesting month! Remember that the week before and after is a great time to work a ton of DX on the odd bands and modes! Also this is another month full of DXpeditions and to add to the interesting stuff it is the beginning of the 6 meters season!

The big DX this month is [Clipperton Island](#), [Rodriguez Island](#), [Burkina Faso](#), [Rwanda](#), [Lesotho](#), [Spratly](#), [Temotu](#), [Chatham](#) and [Cocos Keeling](#). Now that is a bunch of rare ones! You know in order to work them you have to turn on your radio!

Blue Information indicate particularly rare entities and **Red information** indicate SCDXC member attended DXpedition. As always you have to turn on your radio to

Alpha Needs A Home (W6AQ)

FOR SALE: Alpha 87A. An old one but a good one. Used very little as I have been a QRPer for the past half-dozen years. Many hams, including me, consider the 87A to be the best amplifier ever made. I've decided to simplify my station. This amp has been treated well. I never ran it into the red. Pick up preferred. You may come try it out in Hollywood. Includes original manual, shipping boxes, spare fuses, etc. \$3,850.00 firm. Dave Bell, W6AQ@aol.com.

The Real Cost of a DXpedition (K6YUI)

Larry forwarded this link regarding the cost of these large DXpeditions. It is a real eye opener.

M² Open House (KC6TOD)

This month the open house falls on March 16th. Anyone interested in carpooling up?

Canadian Promotional Video (K5KT)

Joe sent in this link to a Canadian video promoting amateur radio. It is pretty well done!

<http://www.cbc.ca/player/Shows/Shows/The+National/ID/2324203674/?page=12>

Emergency Alert System Hacked ... Zombies on the Loose! (W6MPB)

Broadcast engineers have known for some time that our nation's Emergency Alert System (EAS) is vulnerable to hacking. Now, the unthinkable has happened. Fortunately, this hack was relatively benign and alleged that "zombies" were on the loose -- something few reasonable people would believe.

The serious issue of course is that the system was penetrated suggesting that it could be hacked again by others with far more malicious intent. EAS security is being beefed up as a result and that is a very good thing. Here are the detailed stories listed in the order received:

<http://tinyurl.com/The-EAS-Zombie-Attack>

<http://tinyurl.com/EAS-Zombie-Unleashed>

<http://tinyurl.com/LookingCloserAtTheZombie>

<http://tinyurl.com/DoNotAir-EAS-TonesNeedlessly>

SCDXC Meeting Location

SCDXC Meets at WEMS Inc. on Rosecrans in Hawthorne. It is very close to the 405 Freeway however the entrance can be missed. The major landmark is the tower with the SteppIR antenna on top.

The driving directions to WEMS, Inc are as follows:

The address is: [4650 West Rosecrans Avenue, Hawthorne, CA. \(South side of street\)](#)

1. Coming South on the I-405 take the second Rosecrans (Rosecrans East) off ramp. At the bottom of the off ramp turn right and proceed to the next traffic light and turn right again on to Rosecrans Avenue. Go under the freeway and proceed East on Rosecrans past Inglewood Avenue. Go 1-1/2 blocks past Inglewood Avenue and make a right turn into the driveway between a one story building and a two story building with a tower and SteppIR antenna. Drive past the gate and park in any open parking space. We will be meeting in the one story building you just drove past. If you get to traffic light East of Inglewood avenue turn around and go back. Look for the antenna.
2. Coming North on the I-405 take the first Rosecrans off ramp (Rosecrans East) and turn right at the bottom of the off ramp onto Rosecrans Avenue. Go 1-1/2 blocks past Inglewood Avenue and make a right turn into the driveway between a one story building and a two story building with a tower and SteppIR antenna. Drive past the gate and park in any open parking space. We will be meeting in the one story building you just drove past. If you get to traffic light East of Inglewood avenue turn around and go back. Look for the antenna
3. Coming West on CA-91 merge on to I-110 South and then North onto the I-405. Once you are Northbound on the I-405 follow the directions in #2 above.
4. Coming West on the I-105 Exit the Hawthorne Blvd. off ramp. At the end of the very long off ramp turn left onto Hawthorne Blvd and proceed South to Rosecrans Avenue. Turn right on Rosecrans Avenue and proceed West. Just past the first traffic light after your turn onto Rosecrans move into the 2-way left turn lane and turn in the driveway between the two story building with tower/antenna and the one story building. As you drive down Rosecrans you should be able to see the tower on the two story building. Drive past the gate and park in any open parking space. We will be meeting in the one story building you just drove past.
5. If you live in the South Bay or Palos Verdes you are on your own.
6. If you would like to try Metro Light Rail, see Mel Hughes for information. WEMS is an easy walk from a Metro Green Line Station, or we can arrange a ride from the station to WEMS.

Pre-Club Meeting Dinner

Club members and visitors often meet before the meeting and enjoy a meal. Lately many of us have been going to #1 Buffet at 14418 Hawthorne Blvd, Lawndale, CA 90260, (310) 644-4007. The restaurant is just South and East of WEMS. Another group meets at the Denny's on the corner of Inglewood Avenue and Rosecrans Avenue. This is stones throw West of WEMS. For those interested in fine dining some of the best restaurants in the South Bay are located on Rosecrans just West between the 405 and Sepulveda (PCH). The Manhattan Beach area is a target rich food environment!
